#### Profile:

K'adamawe A.H.N. K'nife (PhD Sustainable Development and MSc Economics), is a researcher and lecturer in the Mona School Of Business and Management, in the field of Entrepreneurship and Strategic Planning. His research focus is on Social Entrepreneurship and Community Safety and Security. He is the Director of the Office of Social Entrepreneurship in the Business School and the Chief Examiner for CXC's CAPE in Entrepreneurship. As a Social Entrepreneur he collaborates with CBOs and NGOs in rural and urban 'Communities in Need of Sustainable Intervention Strategies (CINOSIS) ' to develop and implement self-sustaining intervention programmes. He is also an associate researcher with the Institute of Sustainable Development, UWI, where his focus is on the application of dynamic strategic planning techniques in policy analysis and project development within developing countries. To this end he has produced numerous technical reports, strategic plans as well as academic publications, which inform policies at national, regional and international spheres. Additionally he has conducted numerous workshops and capacity building training for non-state actors as well as private and public sector organisations across the Caribbean.
